- Poverty and stigma
- Language and food

Selected Research and Evaluation Experience

2015- present Title: South Carolina SNAP-Ed Program Evaluation

Funding Source: USDA, Food and Nutrition Service

Role: Co-Investigator

Projects: Assessing the South Carolina SNAP-Ed program's capacity to implement required federal changes to the program that focus on policy, system, and environmental initiatives. Evaluation includes in-depth interviews, focus groups, and environmental assessments with program stakeholders, administrators, sites and participants across South Carolina.

2022-present Title: Food is Medicine SC Landscape Assessment and Evaluation Capacity Building

Funding Source: Blue Cross Blue Shield Foundation

Role: Co-Investigator

Project: Mixed methods evaluation of a produce prescription program in health clinics across the state and a landscape assessment of Food Is Medicine Interventions across the state

2017- 2019 Title: South Carolina Community Loan Fund Evaluation

Funding Source: South Carolina Community Loan Fund

Role: Evaluator

Project: Showcase the economic and health impacts that each Blue Cross Blue Shield HFFI Loan project has had in its community.

2013-2015 Title: Snacking in Young Children: Parental Definitions, Goals, and Feeding Practices.

Funding Source: National Institutes of Health's National Institute of Child Health and Human Development.

Role: Qualitative Data Manager

Project: Conduct interviews and card sorting procedures with caregivers of young children

regarding their perspectives of the concept and practices of snacks for their children.

2013- 2014 Title: “How Can South Carolina Communities Eliminate Child Hunger: An Insider’s View”.

Funding Source: Initiative for South Carolina’s Future’s University-Community Initiative Research Award

Role: Co-Investigator

Project: Cultivate advocacy, awareness, and community change of household experiences of food insecurity and hunger in South Carolina using voice methodology with four households in South Carolina.

2012-2013 Title: “How can communities and households protect children from very low food security?”

Funding source: US Department of Agriculture Food and Nutrition Service/University of Kentucky Poverty Research Center

Role: Data collector

Project: Develop recommendations for how communities and households can eliminate child hunger based on interviews with community organizations and households in South Carolina.
